DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114.

Applicant's submission filed on 9/18/2006 has been entered.

Allowable Subject Matter

2. Claims 2-5 are allowed.

3. The following is an examiner's statement of reasons for allowance: The claims are allowable for the reasons given in the final rejection mailed on Jan. 17, 2006 and the reasons given in applicant's arguments received on 4/12/2006. Further JP 09-325715 with regards to claims 2 and 3, while teaching a by-area overdrive control means, it does not meet the specifics of applicant's claimed overdrive control means; specific that an input value is emphasized more the father away it is from the center of the display panel. Neither of the other cited references from the Japanese office action provide such a teaching and no prior art was found that alone nor in combination taught the claimed by-area overdrive control means in combination with all of the

other claimed limitations of claims 2 and 3. (It should also be noted that the Japanese office action addressed claim 1 which has been canceled.) With regards to claims 4 and 5 none of the Japanese references teaches the scrolling disc with the specific U shape pattern. Accordingly claims 2-5 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
